NO. 24

TWO DARING ROBBERIES IN NILES

Thieves Invade Church Sanctuary; Modern Valjean

Corpus Christi Church was robbed of a Chalice and two Cimbórios and two Picts used for benediction, some time between 8 and 12 Wednesday morning.

The thieves also took three keys, that were in the vestry room, but left everything else undisturbed. Father O'Connor had gone to the city for the first time in several weeks Tuesday afternoon. Several churches have been robbed lately, and Father O'Connor was laying for the thieves with a shot-gun. Unavoidable business called him away. Either by luck, or because they'd been watching him, the thieves chose Wednesday morning.

The robbery was noticed at noon by the housekeeper, Grace Casey, who told the pastor about it. He in turn called on Judge Frank Silva, who notified the Sheriff's office in Oakland.

There are several unusual features in the affair. Although one of the Cimbórios was taken directly from the tabernacle on the Altar, the Host was left undisturbed; more, it was reverently piled. There was no act of vandalism in the church, and a small gold crucifix, which lay in plain sight in the church, had also been left.

"It is a case of robbery, not malice," Father O'Connor remarked.

STORK FLAPS IN OVER RADIO WAVES

THE MODERN generation is being born to the strains of the radio at Miss Frances Silva's Maternity Home. Three babies have already availed themselves of the unusual opportunity. They are Barbara Frances Seacco, whose middle name is in honor of Miss Silva, Arthur Silva and a baby boy who was born the eleventh to Mrs. Tony Costa, and has not yet been named.

The mothers, Mrs. Tony Costa, of Decoto, whose boy weighed 9 pounds and 4 ounces, Mrs. M. O. Silva, of Decoto, whose boy weighed 7 pounds, 12 ounces, and Mrs. N. J. Seacco, of Centerville, whose girl weighed 5 pounds, 12 ounces, are all doing well, and enjoy the radio during their convalescence.

Margaret Kearns, Niles Girl and Pete Cozzi Disappear Monday

Niles and the surrounding country has been startled to hear of the disappearance of Margaret Kearns, sixteen year old Niles girl. She has been missing since Monday night, when she was seen to drive off with Pete Cozzi, in a borrowed car. The boy is younger than she by some weeks.

Although no direct news has come from either of them, it is believed that they have eloped. Several facts point that way. The car, a Pontiac borrowed from Nat Bishop of Coyote, was found Thursday morning in a San Jose parking station. The chances are that the young couple headed for Reno from there.

They had reason to suppose that there would be objections to the marriage from both families, particularly because of the extreme youth of the couple.

They have kept their council unusually well. The Rinald Cozzi family, who were in Niles Wednesday, confessed themselves to be at a loss, and told of having put the case in the hands of the San Francisco police. The Cozzis have lived in Niles until recently, when they moved to San Francisco to be near their two older boys, Guido and Steve, who are in the garage business there.

On the girl's side, the family is equally in the air. Mrs. Lucetta Kearns, the mother, who is employed at the local telephone company, has heard nothing. She has full custody of Margaret, since she received a decree of divorce from her husband, who also is completely in the dark as to Margaret's whereabouts. Her aunt and uncle, the G. E. Ferrys, who are deeply interested in the girl, are also mystified.

Francisco Illustri, who is employed at the Wesley Hotel, and is a close friend of the boy, says that Pete remarked in fun one day recently that he was soon to be married. Mr. Illustri endeavored to discourage him, telling him that he was too young, but did not attach much importance to the matter.

"He's a good kid, though," said Francisco.

Margaret's school friends believed her to be in San Francisco, until she failed to return Tuesday. None of them have heard from her.

Two Safes Dynamited at California Nursery; Loss Placed at \$10

The California Nursery office was broken into and robbed last Monday night, according to the estimate of A. R. Schaefer, the manager.

The thieves dynamited two safes, and took out strong boxes. They rifled them for cash, and threw the boxes and papers they contained on the road where they were found by Frank Silva and returned to the company. Mr. Silva says he noticed

the papers when he went to work at 8:00 Tuesday morning, but paid no attention to them until he heard of the robbery. Then he retraced his steps, and found them still untouched.

The insurance men, who came down from Oakland, found footprints and the wheel marks of a large car. The tires, according to the grooves, must have been 32x5.

CENTERVILLE UNIT PARENT-TEACHERS MEET THURSDAY

Cinematic, Other Supplies
Are to be Considered.
Elect Byrnes Sec't.

The Centerville Parent-Teachers Association held its first meeting of the fall semester in the school auditorium on Thursday. After brief talks by Mr. John Byrnes, a new member of the faculty, Mrs. Plumb of Niles, membership chairman of the Federation, and Mr. Kendall of the P. G. and E. The work for the year was discussed and determined upon.

The cafeteria, being a self supporting institution at the present time, the organization decided to turn its attention to cinema equipment, good films, and any other apparatus the principal, Mr. Joseph Dias, might suggest as needed for the progress of the school.

Mr. John Byrnes was elected recording secretary to fill the vacancy of Mr. Vasconcellos. The resignation of Mrs. George Colt as President, was read and rejected.

Local Co-operation Urged for Diamond Jubilee State Fair

The co-operation of the entire Pacific Slope was urged for next year's Diamond Jubilee State Fair, by Robert A. Condee. He pointed out, that pioneer trails led through this entire territory, and therefore all California should unite to do tribute to the men whose vision laid the foundation of California's present greatness.

Plans are under way to make it a Western States exposition with space set aside for Washington, Oregon, Idaho, Nevada, Montana, Utah, New Mexico, Arizona, Colorado and Wyoming.

Schellville—Work completed grading and surfacing approaches to Sonoma Creek bridge near town.

CLUB ENTERTAINS ELEVEN PRESIDENTS

LUNCHEON OF COUNTRY CLUB
SUCCESSFUL—IMPORTANT
MEETING FOLLOWS

Women Consider Bill on School for Defective Children—Careful Consideration Urged—Decorations Committee Praised.

The Country Club was hostess to eleven presidents from various East-bay clubs Wednesday. Luncheon was served at one by a San Jose caterer. It consisted of fruit cup, a plate lunch with ham, Italian squash and potato balls, rolls, coffee with rich cream and apple pie for desert.

Mrs. W. Lauchland, district president, spoke on club activities in general. Mrs. L. Williamson, county president, called the attention of the club to the school for defective children, whose establishment is to be voted on in the next election. She urged club members to vote yes. Mrs. J. E. Thane, former president, also spoke on club activities.

The speakers were introduced, of course, by Mrs. W. S. Robie, president of the local club, who also commended the decorations committee on their charming use of orange and black, to carry out an autumn motif.

Swiss Priest Praises Dominican Sisters

Monseigneur F. Hoefelner, secretary to the Bishop of the Diocese of Chur, Switzerland, left Saturday after an extended visit at Mission San Jose. Sunday he preached at St. Boniface's in behalf of his diocese. From San Francisco he will go to Kansas and from there East.

Monseigneur Hoefelner, although he has only been in America three months, speaks excellent English. He praised the Sisters highly. Both in their services to God and to the children at St. Mary's Orphanage, and the parish school, he finds them leading saintly lives. He cannot speak too highly of their hospitality to him.

CHAMBER OF COMMERCE DISCUSSES ADVANTAGES OF BETTER STREET LIGHTS

The Chamber of Commerce discussed in some detail this week the question of lighting for Niles. Mr. H. H. Robinson, Lighting Engineer East-Bay Division, has offered to take a committee around the bay, to show them modern small town lighting schemes in actual operation. Harvey Braun, president of the Chamber, appointed a tentative committee of five, composed of H. B. Rathburn, F. V. Jones, H. Braun, J. E. Townsend, and M. T. Duffy, to take the trip.

George Donovan spoke urgently in favor of the plan. He pointed out that well-lit streets would attract more people to Niles evenings, that the theater would probably be able to stay open every night, and incidentally, all business would be benefited.

Moreover, the cost of fixtures would not be excessive, since they could be paid off with the rates. The entire business would not in-

There were some suggestions of putting off the lighting question until such a time as the town was incorporated, but Mr. Jones aptly remarked, that while incorporation was bound to come soon, it might be well to have the lights in the meantime.

The question of Federal re-appropriation of representation, so that

(Continued on Page Four.)

LIGHT DOCKET YIELDS \$35 PROFIT TO THE COUNTY

One of the lightest dockets of the year was disposed of by Justice of the Peace Allen G. Norris at a profit of \$35 to the county. Charles Ramos, of Hayward, was fined \$10 for cutting in. Alfred Cantell, of Oakland, was fined \$13 for a similar offense. Manuel Lopez, of San Leandro, paid \$10 for speeding.

Dixon—North of Dixon Telephone Company organized here recently for building new line to Curry corner.

Cannery. Transfers Fall Tomato Pack

Delay in receiving the necessary machinery has caused the Island Packing Company, of Alvarado, which is constructing the first unit of a large cannery here, to abandon its plans for handling tomatoes this fall; however, officials expect the plant to be in operation in time to work on the spinach crop. The tomatoes contracted for are to be handled by the company's cannery at Hilma, it was announced.

Red Bluff—New post office building completed recently.

ANNIVERSARY CELEBRATED BY MISSION COUPLE

Mr. and Mrs. C. H. Chute, of Mission San Jose, entertained over the entire week-end, celebrating their forty-seventh wedding anniversary.

Dr. and Mrs. C. C. Gill, of San Francisco, came down Saturday, but had to leave, since Doctor Gill was needed on duty in the Southern Pacific Hospital.

J. W. Chute, Mary Chute and Mr. and Mrs. Ben Harrer, with their son, Junior, all of Oakland, stayed over Sunday, as did Mrs. Clair Warner and her daughter, Ruth, of San Diego. J. Chute, of San Francisco, Dr. and Mrs. H. H. Gill, of Sacramento, with Master Clayton and Master Sumner Gill, and Elizabeth Pearl Gill made up a group from Sacramento.

Mrs. Mollie Berry, of Oakland, dropped in during the day, to congratulate the couple.

PERMIT GRANTED FOR NEW AIRPORT NEAR HAYWARD

A permit authorizing establishment of a new aviation field between Hayward and San Leandro was granted by the county board of supervisors September 4 to the Golden State Aircraft Company. Construction is to be started immediately, according to officials of the concern. The field is to be located on Foothill boulevard west of the Fairmont hospital.

Plans call for the construction of two runways, 200 feet wide and 2600 feet long, two large field hangars, an administration building with quarters for a proposed aviation school, and fifteen individual hangars. It is also said that in the near future, an airplane factory may be erected at one end of the field.

Coyote Killed In Raid on Livermore Chicken Yard

A coyote which raided the chicken yard of the residence of Dr. W. P. Judkins, medical officer in charge at the Livermore U. S. Veterans' Hospital, reckoned without knowledge of the fact that the doctor is an enthusiastic hunter and expert with a rifle.

The animal killed four chickens and then endeavored to make his "getaway." The doctor was aroused by the commotion in the chicken yard and when he spied the coyote on a hillside secured his rifle and put a bullet through the animal, ending his existence as a chicken thief.

The distance was found to be an even 250 yards and only the head of the animal was visible as a target, a shot which shows the doctor a real marksman and which should be a warning to coyotes to keep clear of the hospital reservation.

Redlands—The State highway from Santa Ana River bridge between Redlands and Colton to be paved.

IRVINGTON ASKS GAS COMPANY EXTEND SERVICE

Petition Claims Refusal Will
Hinder Growth Of
Community

Having secured more than the necessary number of names to justify consideration of its appeal, the Irvington Chamber of Commerce has forwarded to the Pacific Gas and Electric Company a petition requesting that the company extend the gas mains being laid to other communities in Washington township to Irvington, according to R. J. Wright, president of the Chamber. The petition stresses the point that it would place the town under a handicap in its quest for industries and new residents if it were the only community in the township without gas.

Three New Homes Between Pleasanton And Livermore

Three fine new homes are in the course of construction between Pleasanton and Livermore. C. H. Weber is having a bungalow built on the property he lately purchased from the Spring Valley Water Company, on the Pleasanton-Livermore highway, and which he will occupy upon completion. Alfred Andress is having C. A. Bruce and Sons build him a new home on his property in the Happy Valley section and J. Hyde has a force of Los Angeles carpenters erecting a home for him in the Crittenden tract.

Masonic Home To Have New Gravel Roads

The Masole Home is to have a new gravel road, according to C. L. Lowrie, superintendent of constructions. There will be quite a little grading to do in the grounds and in the yards around the new building. Jack Casson, of Hayward, has been awarded the contract, and work will start soon.

Library Story Hour To Be Held Monday

The first story hour of the new school year will be held Monday, immediately after 2:30, according to Mrs. Edna Murray. Children are urged to come from school as promptly as possible so that the hour can get under way to another successful term.

The Niles Women's Civic Club which meets at call, will hold a meeting next Wednesday at the home of Mrs. William Moore at 2 p.m., to discuss many things of local interest. Every member is urged to attend and bring a friend.

California Rock Company To Open New Plant at Centerville

The loading crane and other machinery has been received by the California Rock Company at Centerville, which expects to have its local gravel plant in operation within two weeks, according to Lee Frontz, head of the concern. The company has a lease on one of the largest gravel beds along Alameda creek, and is believed to control sufficient material to keep the plant in operation for the next thirty-five years.

REVEREND SEEBART PLANS RALLY DAY

CONGREGATIONAL CHURCH TO BE FESTIVAL SCENE: CROWD EXPECTED

Special Day for Sunday School and Christian Endeavor—All Urged to Attend in Notices Sent Out for September 16.

Big plans are being made for Rally Day at the Congregational Church for September 16. Not only in the church, but also in the church school and the Christian Endeavor, efforts are being made to secure a record attendance.

So far, the record for Rally Day stands at 72. The Reverend Mr. Seebart hopes to break it this year. He has sent out announcements to all his congregation, which he hopes they will keep in sight as a reminder.

The evening young people's meeting will be at 7:00 p. m. and will be particularly important, since the year's work and program will be planned for.

The Rally Day program in the Church School will be as follows:

1. Sweet quiet music invites all to worship.
2. Call to Worship and Response.
3. Worship Service.
4. Prayer Hymn.
5. "The Value of going to Church School," Mrs. Alma Inman Parker.
6. Hymn, "Work for the night is coming."
7. "The Pupils part in making our school a success," Jackson Townsend.
8. A Prayer for strength—Irma Hodges.
9. Consecration of Gifts.
10. Birthday offerings.
11. Awards for faithful attendance.
12. Announcements.
13. Class Period.
14. Piano solo, Elizabeth Shinn.
15. Hymn, "True Hearted, Whole Hearted."
16. Benediction.

Wilbur Davis, student at the Pleasanton Grammar School, represented Alameda County in the State Spelling Bee held at Sacramento in connection with the State Fair, last Saturday. While young Davis did not receive an award he made a good showing and finished seventh.

Sign Your Name and We'll Print It

Last week the Township Register received a communication addressed to the "Open Forum Editor." The article dealt with the church problem, and why so few attend divine services. The dissertation on this great issue, which vitally affects the well-being of the spiritual world, was well written and contained food for thought. But the writer failed in one important respect—he or she failed to sign the letter.

If course, the Register cannot print anonymous communications. If the writer cares to have the article appear in these columns, kindly come in the office and sign the letter, and the Register will be glad to run it in the Open Forum.

Pastor Announces Important Topic

The Irvington Community church will listen to a sermon from Rev. J. R. Stevenson on Sunday morning on the text, "Remember the Sabbath Day to keep it Holy."

A thorough discussion of this subject will be entered into and the pastor will endeavor to show what the duty of Christian people is today in keeping a day apart for the worship of God.

LIVERMORE GRAPE GROWERS EXPECT GOOD PRICES

Livermore vineyardists are expecting good returns from their crop this year as the vintage is better than for the past five years. Weather conditions in this valley have been good during the past few weeks with the result that the quality of the crop is excellent. While the present market is ranging around \$35 and \$40 per ton, Livermore vineyardists are expecting a higher price for their crop due to this superior quality. Zinfandels, of which variety there is a good acreage hereabouts, are in big demand.

Representatives of the American Fruit Growers Co. announce that the concern will again operate in this

Newark Department

By Julia Ruschin.

Mr. and Mrs. L. R. Burdick and little daughter have left for a two weeks' vacation at Mt. Shasta.

Mr. and Mrs. Chas. Cockefair spent the week end visiting relatives in San Francisco.

Many Newark people attended the N. D. G. W. and N. S. G. W. parade in Oakland Monday.

Mr. and Mrs. Fred Dittman spent the week end on a fishing trip on the San Joaquin River.

Mr. and Mrs. T. Falk and son Edward were guests at the Ruschin home on Wednesday.

Mr. and Mrs. Joseph Piva and son George have left for a two weeks' vacation in San Diego.

Many Newark people visited the Oakland Airport over the week end. Among them were Mr. and Mrs. James Steinhoff, Mrs. Eva Steinhoff, Irving and Alton Steinhoff, Mrs. Frank Jones and grandson Eugene Boyce.

CENTERVILLE DEPARTMENT

EDITORS: Mrs. F. O. Bunting and Mrs. George Coit

Mrs. Haskell is spending the week with Mrs. Ralph Emerson. Mr. and Mrs. McKameys are at Mrs. Allen's, having just motored from Chicago. They leave soon for Palo Alto.

The St. James Men's Club Thursday evening with Mr. W. W. Walton as host, was very enjoyable. Mr. Floyd Parks gave a most interesting account of his trip. He is one who learns a great deal on the way.

There was a very quiet wedding in town on Sunday. Mr. John S. Santos and Miss Madeline V. Car-doza were united. Both are well known and have many friends and good wishes follow them on their happy way. They have gone north on their honeymoon and will be away about two weeks.

There was an alarm of fire Saturday night. A neighbor noticed smoke coming from the John Stevenson house. The fire department turned out promptly and saved all but the bed. The fire started from a cigarette.

Mr. and Mrs. Fitzgerald and Mrs. M. Mathiesen were detained on business from their trip north but left this week.

Mrs. F. O. Bunting and Mrs. F. Guthrie accompanied by the three Bunting boys, of Niles, went to the Oakland airport on Saturday. They were met by Mr. H. Bunting who explained the field and rules. They saw the large plane leave for Los Angeles, with ten passengers. It was almost beyond belief that they would be there in about three hours.

Many went to Oakland to see the celebration and all were especially interested in the Native Daughter float from this place. It was given first place for best color scheme. Betsy Ross, No. 238. It was a long float with shades of yellow below and green above. A spinning wheel more than 100 years old was pre-sented over by Miss Theresa Savioas, representing Betsy Ross. She was attended by George Washington carried out by George Stonerod and two little old-fashioned girls, Miss Harriet DeLeon and Miss Audry Silva.

Back of the float marched eighteen members, all in costume, and it was noticed they appeared as fresh and bright as at the beginning.

St. James Guild had a Red Letter Day in San Jose as guests of Mrs. Bergstrom, Mrs. Kelley and Miss Benson. About fifty were entertained. The bounteous lunch was served at small tables, after which Mrs. C. Emerson, the president, called them to order. She read her committee's report for the coming festival, September 22. There will be a hot mid-day meal, 12 to 1:30. There will be all kinds of mystery packages—useful articles, jellies and jams, a candy table, etc. Many old friends from a distance are coming and it is hoped there will be a grand uniting of friends. Later in the day "500" was enjoyed. At the close Mrs. E. Hobby won first prize. Mrs. K. Oakes, slams, and Mrs. F. O. Bunting consolation. The Guild will meet on September 18, with Mrs. Reynolds and Miss Weston.

The dance given by the members of the choir of Holy Ghost Church, of the pipe organ fund under the direction of Mrs. George Silva was a social and financial success. Together with the proceeds netted from the sale of chances on a beautifully outfitted hope chest won by Miss Vivian Rose, the returns from the evening were close to four hundred dollars.

A Naval officer arrived in San Pedro expecting the boat to continue on to San Francisco, of course! But orders were different. They would only be in that port a few days. Now, that poor officer had a wife here. He phoned her that it would be impossible to get here and return in time. She was evidently a woman of resource. She dropped the phone and called for Mills field: asking them if they could hold the airplane and send a taxi for her. The reply was—Yes—if you don't keep the taxi waiting. "I won't"—In ten minutes they were there and she stepped in—In three hours she was with her husband in Los Angeles.

The Register for job printing.

PERSONALS

Angelo Papas, night manager of the Peerless Grill, is spending a few days in Oakland, on a vacation.

Mrs. G. E. Ferry entertained her friend, Mrs. G. W. Flemming, of Pleasanton, Tuesday afternoon.

Mrs. Lorenzo Garcia gave birth on the tenth to a ——. Her husband is employed on the Southern Pacific, and the baby was born on Southern Pacific grounds.

C. B. Crane went to Oakland Monday to see the Admission Day celebration. He saw the Centerville float, which took a prize for color-scheme, and commented on the large Centerville turnout.

Mrs. Mike Hadad has returned to town, after quite an extended tour of Middle California. She was gone two weeks.

Mrs. L. Sexton, of Los Angeles, has been visiting Miss Frances Silva this week.

Mr. Al Cory, Miss Mae Vargus, Mr. Frank Duarte and Miss Lillian Ross went to the theater in Oakland, Monday evening.

Miss Annie Vargus, nurse at O'Connor's Sanitarium, spent Admission Day at her mother's, Mrs. R. D. Vargus, of Niles.

Mr. and Mrs. Arthur Duarte of Centerville, spent Admission Day at the home of his mother, Mrs. J. R. Fontes.

Mr. and Mrs. J. S. Dutra spent Admission Day in Oakland.

Mr. and Mrs. A. C. Garcia and daughter, Fern, with Robert Duarte spent a week end in Santa Cruz.

ALVARADO

(By Mrs. F. W. Joyce)

Mrs. August May entertained the senior bridge club on Wednesday, also extra table of friends. Mrs. J. Ralph won first prize and Mrs. F. W. Joyce guest prize.

Mrs. Baird had her sister, Mrs. McClellan and small daughter Barbara with her this week-end.

Miss Rosalie Joyce and a party of young friends went to the Hotel Vendome on Monday where they all enjoyed a good swim.

Miss Mildred Navert, Mrs. A. May and Mrs. Jung were entertained on Friday by Mrs. Wigham who formerly lived in Alvarado, but is now living in San Leandro, where she has built a lovely new home.

Mr. and Mrs. Andrew Logan are moving into their new home on the Alvarado-Centerville highway.

Mr. John Logan expects to start soon on his new home, which will be close to Andrew Logan's lot.

The Rebekah lodge met Friday night. Several of the Niles members came over and they had a little dance in the hall after lodge.

LEGAL NOTICES

CERTIFICATE DOING BUSINESS UNDER FICTITIOUS NAME.

This Tag is Your Assurance of Honest Used Car Values

If you are in the market for a used car—come in and learn how completely we protect your purchase when you buy a used car from us!

Our used car department is operated under the famous Red O.K. Tag system—developed by the Chevrolet Motor Company to protect the used car buyer. Under this plan, we attach to the radiator caps of all our reconditioned cars the famous Chevrolet Red O.K. Tag—showing

exactly what vital units have been checked O.K. or reconditioned by our expert mechanics.

We believe that no fairer system of used car merchandising has ever been worked out—for it assures the customer honest value as well as a dependable, satisfactory car.

Come in today and inspect our stock of O.K.'d used cars. You are sure to find the car you want, at a price that will please you—and our terms are exceptionally easy.

USED CARS

PENNSYLVANIA OIL AT ITS BEST

The Finest Motor Insurance You Can Buy!

PENNSYLVANIA OIL is recognized by lubrication authorities as the finest oil in the world. It has lubricating qualities not found in any other oil—the qualities that keep a car running smoothly, silently month after month without repairs.

Richlube Motor Oil is Pennsylvania oil at its best—premium Pennsylvania crude refined by a special process that produces the highest possible lubricating qualities—that enables it to withstand the most

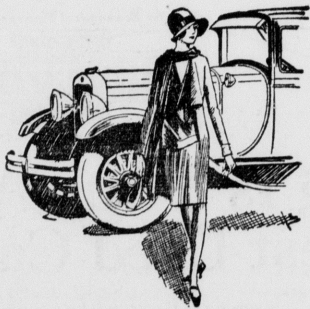

intense heat in the motor without "breaking down."

The test of any oil is its condition after 500 miles use. Drain the average oil and you'll find it thin, watery, with all its lubricating power gone. Drain Richlube after 1000 miles and you'll find it "live," smooth, "oily"—still good for many miles.

Start using Richlube today! You'll notice a world of difference in the way your car runs—smooth, silent power—fewer repairs. Richlube is the finest motor insurance that you can buy!

JOHN D. RYAN DIES; LIVERMORE PIONEER

TOWN FLAG HALF-MASTED FOR PROMINENT CITIZEN; BIER ESCORTED BY FRIENDS—ALL TOWNSHIP MOURNS.

Ryan Held Public Offices—Served On Draft Board of Alameda County—Was Deputy Coroner Until His Death.

With the Livermore town flag at half mast in recognition of his half century of faithful and honorable service to his government, country and town, final rites were held Tuesday morning, September 4, for the late John D. Ryan, Livermore pioneer, whose death had occurred Sunday morning.

He had been stricken by apoplexy the preceding Sunday but improved steadily and continually until near the end of the week and the end was a shock to the community which was not prepared for the news in view of his good progress during the week.

The funeral services were held at St. Michael's Church where a High Mass was celebrated by Rev. E. M. Looney. Members of the Holy Name Society marched in the funeral procession.

Mr. Ryan was known as a substantial citizen and good business man, which won him a place on the board of town trustees, where he served with honor for several terms. The same high qualities won him further recognition when he was appointed a member of the draft board for eastern Alameda county during the World War. Here again he served with honor and distinction. Since Grant D. Miller has been county coroner he had served as his deputy for Livermore and proved equally efficient and faithful in fulfilling this office.

He is survived by his wife, Mrs. Anastasia Ryan; a sister, Miss Catherine Ryan; and two brothers, James T. and William H. Ryan; all of Livermore.

MORE ON Chamber of Commerce

(Continued from Page One)

in the State as in the National senate the rural and agrarian interests are on an equal footing with the cities, was considered.

Mr. Duffy is the head of the local committee of the California Statewide Committee for Federal Plan Reapportionment.

In view of the fact that this is a rural community, Mr. Donovan moved that the Chamber of Commerce do everything in its power to back Mr. Duffy in his efforts, and that the people be urged to vote "yes" on proposition No. 1 when it comes up in the November referendum.

A matter that should be of great local interest was brought up by Mr. Jones; the fact that the Boy Scouts have no leader. He remarked forcefully:

"If we're to have a Boy Scout Troop in Niles then let's have it; if not, let's give it up, but let's decide one way or the other."

The district dues of \$200 are paid till February, but unless a good master is found by then, the troop will be given up, particularly as the boys have been careless in their janitorship of the justice court room, which was given them as a meeting place. In view of the lack of adult support, the general sentiment of the Chamber was that the boys were not seriously to be censured.

A secretary for the Chamber of Commerce is also lacking. Several members were suggested, notably Manuel Dias, but all pleaded lack of time, and the matter was temporarily shelved.

Why Music Is Valuable

Good music is a maker of men, of manners, of minds and of homes. I have watched good music work on child life, and on grown-ups, for thirty years and I am as sure as that I am writing this that one of the greatest sources for good in our homes and in our lives is good music. Music from a radio or from a player piano or phonograph is very much better than no music, but music played or sung by oneself or by someone in the home is far better. So make your home a singing, playing home, for you will be more successful, happy and healthy if you do. —Henry Purmort Eames in Child Life Magazine.

PASTOR'S BIRTHDAY FITTINGLY OBSERVED IN PLEASANTON HOME

Record attendance Reception and Flowers In Order

Last Sunday morning the school pupils and the congregation of the Presbyterian church at Pleasanton, honored their pastor by attending services in large numbers and packing the church. The occasion was his birthday and some of the zealous members of the church decided to surprise him by having a large attendance present and then holding a reception for him after service.

The Sunday school children, not to be outdone by the adults, also planned a reception for him and after their classes they gathered and offered congratulations and presented him with a lovely plant. Miss Marguerite Moss made the presentation and Rev. Cross responded with a few words.

The church was artistically decorated with lovely orchid gladiolus and ferns, which were donated by Mr. and Mrs. W. Fothergill. The decorations were arranged by Mesdames A. B. Castersen and W. A. Fothergill. At the conclusion of service they were presented to Rev. Cross and he sent them to the older members of the congregation, who were unable to be present at the church for the morning worship and reception.

Niles Theater Runs Action and Comedy

Action and comedy prevail at the Niles theater this week. "Stormy Waters," tonight's picture deals with the adventures of a young sailor "Below the Line" when he falls into the hands of a wicked vamp who makes it hard for him to be true to his New England sweetheart.

Saturday, Ken Maynard, in the "Red Raiders" takes the part of a young soldier under Custer, and depends on the combination of a gun, a horse and a girl, not to mention the Indians for his hair raising thrills.

"Steamboat Bill, Jr.," Sunday and Monday offering, is Buster Keaton's funniest picture in years. As the "Sissy" son of the hard-boiled captain (Ernest Torrence) and suitor for the rival captain's daughter, (Marion Eyrone) he lands himself in hot, as well as muddy water, and it takes a Tornado to cool him off.

Wheatland—Bids requested for new sewer system in this town.

San Francisco—New Marina theater on Chestnut street will open September 6.

Lakeport—Union Oil Company's new sales plant under construction.

Why Inns Were Made

To get the full savor of an old inn you should come to it at night, and best of all, winter night, or twilight, when the mists are rising and a log fire and a dinner seem to be the twin stars of human aspiration. All of us know those moments, and that is why inns were made—to stand upon the pilgrim's way with an understanding smile for the pilgrim's weakness. They are a sign to us to shed austerity and vigilance, and to meet and mingle with our fellows; to turn from our various occasions, lofty or low, and to ease our common needs and common anxieties in kindly communion.—From the Preface of "The Book of the Inn," selected and edited by Thomas Burke.

SUPERIORITY OF CALIFORNIA OIL TOLD BY EXPERT

Refuting a theory popularly held by most Pacific Coast motorists, Dr. Walter M. Cross, well-known throughout the petroleum world through his connection with the Cross oil testing and cracking process, recently stated that, in his opinion, California oil is superior to the Eastern product for lubrication purposes.

Not only may Dr. Cross' opinion be accepted as authoritative, because of his long and varied experience as a lubrication expert, but the fact

that this is an entirely impartial viewpoint gives the statement added weight. He is not in any sense of the word connected with the manufacturer or selling of any particular oil, but is purely an analytical chemist. In this capacity, he maintains large testing laboratories in California and Kansas City, as well as a consulting office in New York City. Last year, according to Dr. Cross, 18,000,000 barrels of gasoline were produced by the Cross process. Units of the concern are established in practically every nation. In recommending California oil, he said:

"It attains better viscosity than Eastern oil at high temperature. It heats more rapidly and completely, and consequently offers more thorough lubrication."

At least one Eastern oil company of which he knows, buys California oil and sells it in the East at a premium because it recognizes the superior quality of the Far West article, asserts Dr. Cross.

"The most paradoxical phase of the whole situation," said Cross in conclusion, "is the fact that the Californian himself, so proud of his state and its products in most cases, is the last one who can be persuaded to use his own oil for lubrication."

NEW ASSOCIATED PLANE NAMED AT CRISSEY FIELD

First Coast-made Plane Goes Into Commercial Service

In order to bring about a closer relationship between the oil, automotive and aviation industries, the Associated Oil Company has purchased a bi-plane, which was christened "Motor Mates" by Miss Edna Rutherford, upon its arrival at Crissy Field, September 7.

The christening of the plane, was a feature of the ceremonies. F. M. Rowles, sales manager of the company, was master of ceremonies, while Major Gerald C. Brant, commander of Crissy Field, and Capt. F. N. Shumaker, Crissy field adjutant, represented the air corps.

The plane was piloted from the Boeing factory in Seattle by Lieutenant Ray Little, who carried Emory Bronte, newly appointed manager of the aviation division, as a passenger.

In his speech, Mr. Rowles stressed the unification of transportation the company was attempting to bring about. A. C. McLaughlin, executive vice-president of the company, congratulated Bronte, navigator of the first civilian flight to Hawaii, and declared his new position will enable him to do much for aviation. "Having charge of this plane," Bronte said in answer, is a dream come true for me. I am going to devote my whole time to making this affair a success."

Bronte was congratulated also by Henry J. Holly, San Francisco manager for the Boeing Air Transport Company, who pointed out that the Associated plane was the first coast made plane sold to a commercial firm for its own use.

Bronte plans to fly his new aerial steed to Los Angeles for the air races there this month.

DAVID LE PAIGE CHURCH SPEAKER AUDIENCE BROKEN

David Le Paige, who spoke at the Niles Church Family night, Friday evening, is visiting his aunt, Mrs. L. B. Hudson, while he is in Niles.

Thursday, he will give several juvenile numbers, over K. L. X. Children's Hour.

Mr. Le Paige is well used to entertaining, since he made his first public appearance in Portland, Ore., at two and a half years. From Portland he went to Los Angeles, where he worked until he was six.

At present he is living in Eugene, Ore., where he has made his home for the last two years.

Camp Fire Girls to Start Health Charts

The Niles Campfire girls will hold their first meeting of the school year, at the home of Mrs. J. E. Townsend, Friday evening from 7-9. The officers—were elected last term, so Muriel Fournier the president will take charge of the meeting.

It will be devoted to making plans for the year, and health charts will be begun, which are a new departure for this group.

Cordelia—Road cut through hill west of here for new state highway unit.

CHILD WELFARE BUYS PLACEMENT HOME FOR TOTS

The Committee of the Child Welfare Home has completed arrangements to buy a placement home for children, according to Mrs. Frank Dusterberry of Centerville, Chairman of the Committee.

Although the location of the home is not yet announced, the House Mother has been selected. She is Mrs. King of Hayward, who as a practical nurse had much experience with children.

The home will never accommodate more than six children, since it is not to be an institution, and no child will be kept there longer than two months at a time. During that interval, every effort will be bent to securing a foster home for the child.

The committee consists of Mrs. E. A. Ellsworth of Niles, Mrs. C. E. Anderson of Centerville, Mrs. Charley Gale of Pleasanton, Mrs. Flierl of Hayward, and Mrs. Frank Dusterberry of Centerville, the Chairman. Securing the home is the most ambitious thing the child-welfare group has as yet undertaken and marks a new departure. They are counting on co-operation from other welfare groups.

Bee-Keeper Names 3 Counties In Suit

Officials of Alameda and San Joaquin counties and the State Department of Agriculture are named in a damage suit for \$6912.20 filed by John Gray, Tracy bee keeper, following the burning of diseased colonies on Gray's ranch.

In filing the complaint, Gray alleges damages of \$1000 for the destruction of 2002 honey frames, worth 50 cents each \$412 for destruction of honey contained therein, and \$500 for destruction of 500 pounds of bees, and \$5000 as exemplary and punitive damages. The complaint states that part of the bees were located in the eastern edge of Alameda county, and the remaining lots in San Joaquin county near Tracy. According to Gray the bees located in Alameda county were destroyed first, and the destruction of bees in this county took place after he had been granted a restraining order from Judge Buck, of the superior court.

1,000 Nash '400's A DAY!

August Sales 21,000 Cars

—the greatest month in Nash History

Higher and higher goes the nationwide demand for the new Nash "400". Sales returns for August are in and, by thousands of cars, it was the biggest month in the entire 12 years of Nash history.

The three great Nash factories are now producing over 1000 cars a day, to supply the avalanche of orders for this new and finer motor car.

The country has gone Nash! In the eight short weeks since its introduction,

approximately 55,000 Nash 400's have been delivered—as many Nash cars as in six full months of 1927!

There's only one conclusion to be drawn from these facts and figures—this is the car of the year!

This is the car with the new Twin-Ignition motor—more power, more speed, less gasoline. The easiest steering, easiest riding car the motor car industry ever has produced. And the car with exquisite new Salon Bodies of surpassing beauty.

NASH "400"
Leads the World in Motor Car Value

Here Comes the Bride!

WHAT a joyful moment it is, when the organ sounds the first chords of a wedding march! Every heart is filled with tenderness, as the bride and groom take their place before love's altar

It is the right of every girl to have her wedding beautiful and "correct" in every detail. The young lady in your family is expecting that kind of a ceremony—some day. Until she wishes to make it known, the date must be a secret most precious.

But when it is announced, she will be just as particular about having that done properly as about the flowers in her bridal bouquet.

When Wedding Invitations and Announcements are entrusted to this office, you may rest assured of three things: Whether printed or engraved, they will be quite in harmony with what you consider best. Their cost will both surprise and please you. And as for keeping a secret—why, even "the lucky man" himself could not bribe us to tell him when it will happen!

IRVINGTON SCHOOL ENROLLMENT LARGEST IN ITS HISTORY

The Irvington school opened Tuesday with the largest enrollment in its history. The teachers with the exception of Miss Evelyn Rodrick, of San Jose, former Irvington girl, are the same as last year. They are Thomas Scales, principal; Miss Marcella Stivers, Miss Berges, Mrs. June Hawes, Miss Irma Bond. The school will have a playground superintendent this year, a position created with the opening of the new term.

Two Masses Sundays At Corpus Christi

Father Patrick O'Connor announces that he will follow his precedent of last Sunday and hold two masses in the future. The first will be at 8:30 a. m. and the second at 10. Sunday school will follow first mass.

Mr. and Mrs. Joe Gabriel and their daughter, Dorothy, of Oakland, spent Admission Day at the home of Mrs. Gabriel's mother, Mrs. R. D. Vargus, of Niles.

LOCAL NEWS ITEMS

Clement Donovan has been forced to leave his position at the Niles branch, Bank of Alameda County, on account of trouble with his eyes, which necessitates rest at his home.

Amador Pratali is now managing the Wesley Hotel for his partner, R. Cossi, who has moved to San Francisco to be near his sons, Steve and Guido. The boys are in the garage business there. He is employing Mrs. Dell Freitas, of Mission San Jose, in the store.

Mr. and Mrs. Alec Butler returned from their honeymoon Monday. Mrs. Butler, who was Mrs. Celia Frates, resumed her post at the Mutual Store on Wednesday. Mrs. Gibbs says that she is glad to have her co-worker back.

Miss Ada Mae Hudson has just returned from Eugene, Ore., where she has been a houseguest of her grandmother, Mrs. Anna Farmer, for the last six weeks.

William Pine got a five-point deer, last Sunday morning.

Norman Rose, of the Box Factory, shot a four-point buck Wednesday.

Owen Swainson and Miss Kling took advantage of the Admission Day holiday to make a buying trip to San Francisco. They passed through Oakland in the evening, and reported large crowds around Lake Merritt, enjoying the fire-works.

Miss Aldina and Miss Margaret Perry spent three days in Oakland, as guests of their married sister, Mrs. Alfred Smith.

T. G. Connelley, factory representative of the Dutch Cleanser Company, was in Niles, Tuesday, to see the local grocery firms.

Antone Costa has returned home from the Highland Hospital, Oakland, where he underwent an operation for appendicitis.

Legion Invited To Hayward Dance by Post Commander

DECOTO
By ORVILLE BLOSE.

During the month of August, 191 books were circulated, and the attendance of the Decoto Library was 231. Both of these figures are below averages as most of the citizens were out of town during this month. One hundred and twenty-one fiction, 31 juvenile and seven literature books were read, and 17 magazines taken out, according to the report of Mrs. Mary Nunes, librarian.

A. Amaral and family attended the "King of Kings" in Oakland Monday.

Tonight (Thursday) the Christian Endeavor will have an Autumn Party. Games and refreshments are main features of the program, according to the chairman, Sophie Swanson. Sixteen young people are invited to this social at the Swanson home. It is hoped that the membership will be increased by Rally Day. A farewell party was given to the Brown girls.

A very effective worship service has been prepared by the Christian Endeavor for their Rally Day program. Rev. A. W. Seebart, of Niles, will address the congregation, "Our Leader and Our God," being his subject.

Ralph Gutierrez's car was reported stolen in Oakland Sunday evening.

Mrs. Elsie Luna and son, Mrs. Joe Perry and children, Mrs. A. Amaral, Mrs. M. Nevis, and Miss Breiner spent Saturday in San Francisco.

Mr. and Mrs. Gus Swanson, of Oakland, spent the week-end at home here.

The Mothers' Club had its monthly luncheon at the Coupland home this afternoon (Thursday). This fall the members will have an apron sale. They have over thirty made now. Plans are also being made for a church supper soon.

Miss Lucile Breiner is attending a staff workers' conference at San Anselmo this Thursday, Friday and Saturday.

Lesley Brown, of Chico, was the week-end guest of relatives here.

A little ten-pound baby girl was born to Mrs. Frank Luna Thursday night. She is named Jeannette Luna.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

Eliminate valve-grinding with this oil
of "endurance beyond belief."
Stops carbon trouble, too

Stability The new Cylcol will stand the hardest kind of usage. It is refined to meet the severer conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cylcol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

Such oils break down under engine temperatures. They distill off and escape as vapor through the breather exhaust.

The new refining process of Cylcol selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cylcol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cylcol like all oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

Even more important, the carbon that is deposited by Cylcol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it yourself Cylcol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.

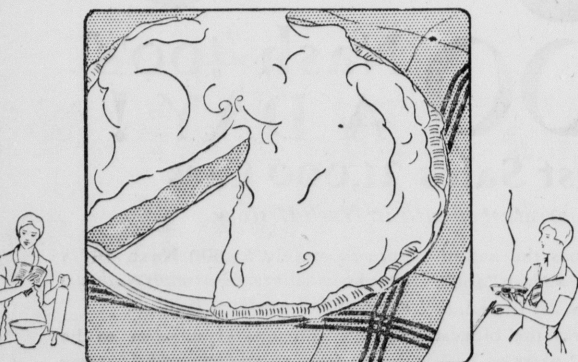

So fill your crank case with Cylcol. You can identify it by the new transparent green-gold color. Bold wherever the Associated Gasoline and Cylcol Motor Oil signs are shown. ASSOCIATED OIL COMPANY, Refiners of

Cooking with a modern Gas Range
gives speed, cleanliness and
fine baking.

With the modern Gas Ranges cooking is easier. The oven heat is automatically maintained at any desired temperature by the Oven Heat Control. You know whether your oven is "slow", "moderate" or "hot". That makes the baking of meats, pies and cakes simple. The smooth cooking surface where one boils or fries food, distributes heat evenly which means better frying. It protects the burners from food that might boil over. That makes the range itself so easy to keep clean.

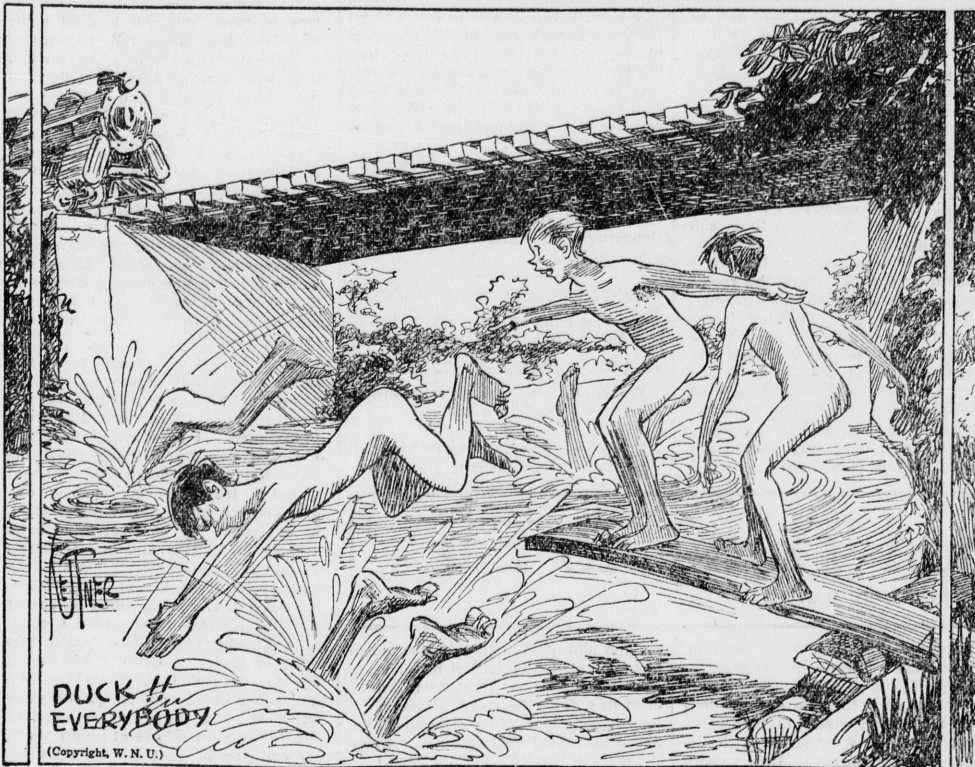

How can you afford to be without a modern Gas Range with gas fuel so cheap and everyone liking good home cooking?—which you can do easily and quickly with a new Gas Range.

Overcame Hard Luck
Playing in the Philadelphia sectional qualifying round for the national public links championship, Ted Reilly sliced his drive into a thorn tree. The ball landed in a crotch formed by three limbs and stuck there. He had to climb about fifteen feet up the tree and tap the ball out with a putter. He made it on the first attempt and eventually got a four for the hole, only one over par.—Boston Globe.

Be happy and you will be good.

Ghost City Seems to Be Suspended in Air

The silent city of Alaska, the famous mirage which appears occasionally above the great Muir glacier, was observed again recently by tourists from the deck of the steamship Aleutian. The phantom of the air looked very much like an ancient fortified city, with spires and towers, hanging some distance above the glacier. The singular phenomenon is believed to be caused by the distortion of icy pinnacles and peaks.

The appearance of the Alaska mirage is always preceded by the forming of a stock of mist along the horizon where probably two air currents meet, due to condensation of atmospheric moisture by the chill of the sea. The mist soon apparently dissolves and the magic picture begins to lift itself up in the distance, with all the formations, like a motion picture film being focused on the screen.

Once last season the phantom reversed and the strange image appeared upside down, the tips of the towers and the minarets looking, as if they were dipping into the sea.

Russia Good to Doctors

Lawyers are not very popular in Soviet Russia, but physicians are. Recently many restrictive measures against lawyers have been proposed, but the doctors are going to have their salaries raised. The presidium of the central executive committee has just announced the scale of increase: Beginning in the year 1928-'9, physicians are to have a raise of not more than 20 per cent every three years, but after three such increases the raises stop. Psychiatrists are first on the list for the boost.

WHAT DR. CALDWELL
LEARNED IN 47
YEARS PRACTICE

A physician watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the system and is not habit forming. Syrup Pepsin is pleasant-tasting, and youngsters love it.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for anybody's system. In a practice of 47 years he never saw any reason for their use when Syrup Pepsin will empty the bowels just as promptly.

Do not let a day go by without a bowel movement. Do not sit and hope, but go to the nearest druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin, or write "Syrup Pepsin," Dept. B.B., Monticello, Illinois, for free trial bottle.

Domesticated

"George," explained George's better half, "gets one night out a week."

"My Danny," gurgled the bride of half a month, "gets one night out a week, too, but so far he hasn't taken any of 'em!"

RECOMMENDS IT TO OTHERS

Lydia E. Pinkham's Vegetable Compound Helps Her So Much

Cleveland, Ohio.—"I sure recommend Lydia E. Pinkham's Vegetable Compound to any woman in the condition I was in. I was so weak and run-down that I could hardly stand up. I could not eat and was full of misery. A friend living on Arcade Avenue told me about this medicine and after taking ten bottles my weakness and nervousness are all gone. I feel like living again. I am still taking it until I feel strong like before. You may use this letter as a testimonial."—Mrs. ELIZABETH TOSO, 14913 Hale Ave., Cleveland, Ohio.

Unbreakable Corner

The ice combine, as we gather from the news, still has a grip on the Arctic regions that the most determined Eskimo housewife isn't going to be able to shake off.

ATWATER KENT RADIO

Of course you're going to hear Hoover and Smith

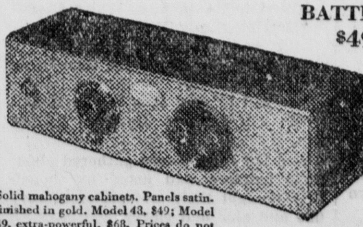

THANKS to radio, they expect to talk directly to every voter in the United States. Where is the family that can afford to be without a good radio set in this most interesting of Presidential years?

When Smith and Hoover go on the air, you can count on Atwater Kent Radio. Its reliability, its power, its range, its simplicity of operation, as well as its clear tone, have made it the leader everywhere. It comes from the largest radio factory, where workmanship is never slighted. It is not an experiment. You don't have to take it on faith. It is the fruit of twenty-six years' manufacturing experience—six years of radio.

Nearly 1,700,000 owners know that the name Atwater Kent on rad: means the same thing as "sterling" on silver. Whether or not your home is equipped with electricity, there is an up-to-date Atwater Kent model to carry on the Atwater Kent tradition of giving the finest reception at the lowest price.

The Atwater Kent electric sets require no batteries. A cord from the compact, satin-finished cabinet plugs into any convenient lamp socket and the current costs only about as much as the lighting of one 40-watt lamp.

BATTERY SETS
\$49—\$68

Solid mahogany cabinets. Panels satin-finished in gold. Model 43, \$49; Model 45, extra-powerful, \$68. Prices do not include tubes or batteries.

On the air—every Sunday night—Atwater Kent Radio Hour—listen in!

Prices slightly higher West of the Rockies.

MODEL 40 A. C. set. For 110-120 volt, 50-60 cycle alternating current. Requires six A. C. tubes and one rectifying tube, \$77. Also Model 42, with automatic voltage regulator, \$86, and Model 44, an extra-powerful "distance" set, \$106.

The Atwater Kent battery sets have won their reputation for fine performance in 1,400,000 homes—and now both models are again improved for 1929.

From the orange orchards of Southern California to the potato fields of Maine, Atwater Kent Radio is far and away the preferred choice of rural families. The nearest Atwater Kent dealer will gladly show you why, and will advise you in your selection of the model best suited to your needs.

Campaign year! You'll need good radio as you never did before!

Simplicity in School Duds

By JULIA BOTTOMLEY

AND again the scene shifts as it has a habit of doing in autumn time, from vacationland back to schoolroom and campus. Likewise the program changes from carefree pastime to the doing of things worthwhile—sembling one's schooltime wardrobe, for instance.

Judging from what one sees and hears in fashion's realm, the schoolgirl clothes problem is the issue supreme at the moment. And why should it not be, for what we wear has a great deal to do with our poise as we "carry on" in life. It makes it a whole lot pleasanter to walk to and from school,

and it gives a feeling of assurance, if one is clothed smartly like the young girl in this picture.

This charming coat is typically schoolgirlish. Simplicity is its keynote of smartness. This model is shown in the better shops in either tan, navy or cadet blue. It is correct, according to style standards set for this season, down to the slightest collar, for fashion expresses extreme favor for trim.

Between tweed and chinchilla there is considerable rivalry. Tweed coats have durability and they always look attractive. The kindergarten age

wears a chinchilla hat to match.

Some of the junior tweed coats have velvet collars instead of fur. Many of them sport a belt with a cunning buckle.

The call for browns and russet colors is very insistent, owing to the fact that these colors dominate throughout the fall color spectrum. However, blues will be just as popular, especially a very bright navy and marine.

Among style features emphasized is the scarf. Sometimes it is just a small strap scarf to fasten the collar in place. A coat for a juvenile miss which effectively displays a wider scarf is made of the new bordered tweed. By the way, these bordered tweeds are quite the thing among new woollens. Their patternings accent color most attractively. In the instance of the coat above mentioned, the scarf is made of the bordered part and there is a tiny band of the fur at each end. Cape coats are in fashion, too. The fact that the capes are detachable increases their adaptability to the season's needs.

(© 1928, Western Newspaper Union.)

Cockroach Can Be Controlled

(Prepared by the United States Department of Agriculture.)

It may surprise many people to learn that the cockroach has one redeeming trait. According to entomologists of the United States Department of Agriculture, this common and of fensive house pest will prey on that other disgusting insect, the bedbug.

It is not recommended, however, that cockroaches be kept for eradicating the bedbug. There are other more approved methods for exterminating that insect.

The nuisance of roaches in offices and in living rooms of houses can be reduced, if not removed entirely, by elimination of all attractive substances, according to Farmers' Bulletin 658-F, "Cockroaches." If care is taken to keep food from living rooms, offices, desk drawers and no attractive odors of food are permitted to remain, the roach nuisance can be restricted largely to places where it is necessary for food to be kept. In such places the storage of food material in insect-proof containers or in ice boxes, together with thorough-going cleanliness, will go a long way toward preventing serious annoyance.

Roaches may be controlled by the use of poisons and repellents, fumigants and traps. One of the most effective and simple means of ridding premises of the pests is by the use of commercial sodium fluoride, a powder easily obtainable. It may be used in the pure form or diluted one-half with some inert substance such as powdered gypsum or flour. With a dust gun or blower the sodium fluoride can be thoroughly dusted about the runways and hiding places of the roaches. The immediate effect is to cause these insects to rush out of their hiding places and run about more or less blindly, showing evidence of discomfort, to be followed in the course of a few hours by their death. The dust acts both as a stomach poison and as a contact poison.

A copy of the bulletin, describing a number of other methods of reducing or eradicating the nuisance, may be obtained from the United States Department of Agriculture, Washington, D. C.

HINTS FOR HOUSEKEEPERS

Waxed linoleum makes a desirable cover for the kitchen table.

Strong sunlight is likely to fade polished furniture, especially mahogany.

Some Good Things to Eat

By NELLIE MAXWELL

Lobster Salad.—Two cupfuls of cooked lobster is mixed with one hard cooked egg, chopped, salt and pepper to season; add two stalks of finely cut celery, one large red tomato, a tablespoonful each of lemon juice and mayonnaise dressing. Mix and serve on lettuce with any desired dressing. Serves eight.

Lobster à la Newburg.—Take one and one-half pounds of lobster meat, heat in two tablespoonfuls of butter, salt, paprika to taste and a tablespoonful of lemon juice. Add one beaten egg to a cupful of white sauce, turn in the lobster, cook one minute.

To remove the meat, put the lobster feelers down on a board and cut with a sharp paring knife through the lobster, cutting into halves. Remove with a small pointed paring knife the long dark line that runs through the white meat and lift out the filling in the head. All that remains is edible.

Tomato and Celery Salad.—Take one can of tomatoes, cook five minutes, then force through a strainer. Add two and one-half tablespoonfuls of gelatin soaked in half a cupful of cold water for fifteen minutes, one teaspoonful each of sugar and salt, and one-third cupful of celery cut in thin slices. Pour into individual molds and chill. Serve on lettuce garnished with curled celery and mayonnaise.

Sautéed Lamb Fillets.—Take two pounds of lamb from the fore quarter. Wipe, remove bone and cut the meat into one inch strips, then flatten with a cleaver. Arrange on a platter and pour over a marinade made by mixing three tablespoonfuls of olive oil, three tablespoonfuls of vinegar, two-thirds of a teaspoonful of salt, one-half onion finely chopped and one teaspoonful of parsley. Cover and let stand over night. When ready to serve, sauté in butter.

Lady Baltimore Cake.—Take one cupful of butter, one and one-half cupfuls of confectioner's sugar, one cupful of milk, one-half teaspoonful of rose extract, three cupfuls of pastry flour, two teaspoonfuls of baking powder, one-fourth teaspoonful of salt, one-half cupful of water, two cupfuls each of chopped raisins and figs, one cupful of pecan meats chopped, one

half teaspoonful of almond extract, two cupfuls of confectioner's sugar and the whites of nine eggs. Cream the butter with the one and one-half cupfuls of sugar, add the milk, rose extract and the flour sifted with the baking powder and salt. Beat smooth and add six egg whites well beaten. Bake in three layer tins and cover with paper to keep from browning. For the filling boil the two cupfuls of sugar until it spins a thread, pour over the three egg whites, add fruit.

Clam Fritters.—Clean and drain one pint of clams, and chop. Beat two eggs until light, add one-third cupful of milk and one and one-third cupfuls of flour, mix with two teaspoonfuls of baking powder, add salt and pepper to season and stir in the chopped clams. Drop by spoonfuls into hot fat and cook until well browned. Drain in paper and serve at once.

Veronique Soup.—To three cupfuls of veal stock add one cupful of stewed and strained tomato to which has been added one-eighth teaspoonful of soda. Thicken with one and one-half tablespoonfuls of salt, a few grains of cayenne, one-half cupful of cooked rice, one and one-half pimentoes cut in strips and one-fourth cupful of heavy cream.

Strawberry in Rhubarb Jelly.—Strain enough stewed green rhubarb to give one cupful of juice. Soak two tablespoonfuls of gelatin in one-quarter cupful of cold water for ten minutes. Place the cupful of juice with one cupful of pineapple juice over the heat; when boiling turn in the gela-

tin and add one-fourth cupful of sugar to sweeten. Tinge with a bit of green coloring and when it begins to stiffen drop in a few ripe strawberries which have been dipped in powdered sugar. Serve unmolded with cream and sugar.

(© 1928, Western Newspaper Union.)

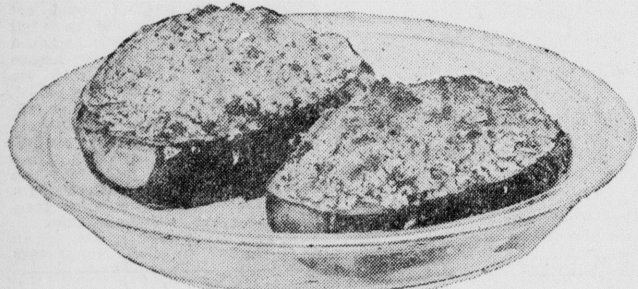

Novel Sandwiches for Afternoon Tea

For rather novel sandwiches or thin bread and butter for afternoon tea, make some orange bread, suggests the bureau of home economics. The flavor is given by the cooked peel of two oranges. The bread is leavened with baking powder and should be used while fresh. Cut with a large sharp knife.

Peel from 2 oranges 1 1/2 cups milk 1/2 cup sugar 4 teaspoon baking powder 1 egg 1/2 teaspoon salt 1 tablespoon butter

Cut into shreds the peel from two thick-skinned oranges. Cover the peel with water and cook for about 20 minutes, or until tender, then drain. Make a sirup of the sugar and water. Add the peel and cook until about 1 tablespoonful of the sirup is left. Sift together the dry ingredients, cut in the fat, and add the well-beaten egg and the milk. Beat this mixture for about three minutes. Stir in the orange peel and mix thoroughly. Pour in a greased bread pan and bake for one hour in a moderate oven (about 325 degrees Fahrenheit).

TO MAKE EGGPLANT ATTRACTIVE

It Is Quite Delicious Served in Its Own Covering.

(Prepared by the United States Department of Agriculture.)
Served in its own covering, topped by golden brown bread crumbs, stuffed eggplant is an unusually attractive vegetable when it comes to the table. Here are directions for preparing it, given by the bureau of home economics.

1 medium-sized eggplant 3 tablespoons butter
1 pint finely cut cabbage 2 tablespoons chopped peanuts
1/2 teaspoon salt 1 cup fine bread crumbs
1 teaspoon onion

Cut the eggplant in half lengthwise

and without puncturing the skin dig out as much of the pulp as possible and cut it into small pieces. Cook the cabbage and the eggplant pulp in a small quantity of water for about 10 minutes, drain and add the other ingredients. Fill the eggplant shells with this mixture, and cover the top with buttered bread crumbs. Place the stuffed eggplant in a shallow baking dish, pour two or three tablespoonfuls of hot water into the dish, and bake for half an hour or until the eggplant mixture is heated through and the top crumbs are golden brown.

Fairy Tale for Children

By Mary Graham Bonner

"We hens must see," said Mrs. White Hen, "that no harm ever comes to our chicks."

"I feel so sorry for the little incubator chicks," she continued.

"You know sometimes they put eggs into incubators and the incubators get very warm and nice so the eggs will hatch out into chicks."

"They will hatch out that way just as we can hatch them out by setting on them and keeping them warm and nice."

"But the poor little incubator chicks have no mothers."

"That's so," said Mrs. Brown Hen. "I've seen some of those chicks at different times wandering around the barnyard and there were no mother hens to look after them."

"Of course," said Mrs. White Hen, "the farmer looks after them, but they don't know what a mother's love is, and what a mother's care is."

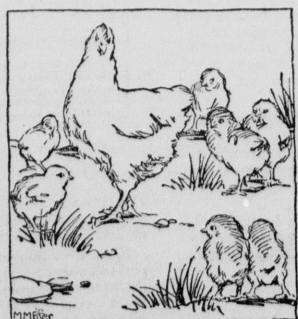

"Yes," said Mrs. Brown Hen. "I'm glad our chicks are going to know what a mother's love is."

And the three hens all said how glad they were.

When a hen is going to set on her eggs and wants to hatch them out she always clucks.

So you will always know a setting and hatching hen if she clucks.

At other times she will cackle and chatter and talk, but only at that one

"Come, Come, Dears," Said Mrs. White Hen.

time will she give that funny little cluck, cluck, cluck, cluck sound which we know so well.

And the three clucking hens sat and talked of the days when the little chicks turned into lovely young hens.

And each mother thought her own brood was always the loveliest.

"A mother hen's love means so

much, cackle, cackle," said Mrs. White Hen.

"Ah yes, cackle, cackle," said Mrs. Brown Hen.

"Just what I always say, cackle, cackle," said the third hen.

"Come, come, dears," said Mrs. White Hen, to her brood, as they started to wander too far away.

Then she went after them to see that no harm came to them.

"Come with me, darling," said Mrs. Brown Hen to her brood, "Mother Brown Hen must look after you."

And the third mother hen went to see that her chicks did not cross the road without her. The automobiles made her very nervous and she knew they would frighten the little ones.

"Dreadful things," said the third Mother Hen.

"Terrible," said Mrs. White Hen.

"Horrible," said Mrs. Brown Hen.

"I'll be glad when they take to traveling in the air all the time," said Mrs. White Hen.

"So will I," said Mrs. Brown Hen.

"So will I," said the third mother hen.

And the little chicks gathered about their mothers and acted as though they thought their mothers were very fine and nice and clever.

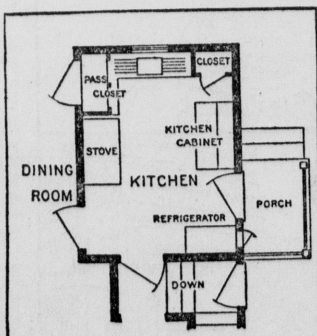

(© 1928, Western Newspaper Union.)

AN ARRANGEMENT FOR PASS CLOSET

(Prepared by the United States Department of Agriculture.)

Here is a floor plan, sketched by the bureau of home economics, showing how a compact oblong kitchen may be arranged to best advantage, with short distances to travel in doing the work, and logical routes from one work center to another. The floor space in this kitchen is small, doing away with unnecessary walking about, and the paths of travel from the back door and hall do not cross the work centers.

The key point of the arrangement is the pass closet in the connecting wall between the dining room and kitchen. This is arranged as shown in the elevation. The shelves in the upper part are reached from either room, and those below might have been. The opening below the dish closet has sliding panels to permit serving from the counter on the kitchen side, or for passing used dishes through to the

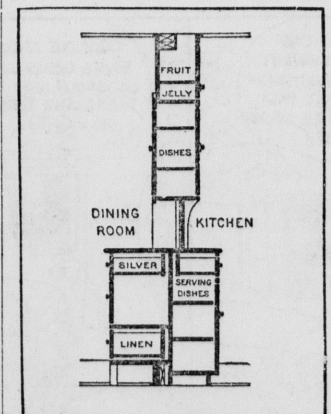

Floor Plan Showing Pass Closet Next to Sink.

sink. Placing the sink at right angles to this closet is a good feature for several reasons. The counter space for receiving soiled dishes is extended by the drainboard, which in turn increases the serving surface if necessary. The window over the sink gives

good light for dishwashing, and as fast as the china and silver are washed they are put away in the cupboard to be taken out on the dining room side.

This convenient two-way arrangement may be a "pass cabinet" made by a skilled carpenter or joiner, so

Elevation Showing Arrangement of Pass Closet.

that on the dining room side it takes the place of a sideboard and on the kitchen side of a dish cupboard. A less expensive plan that serves the same purpose is to have an ordinary closet with shelves built into the connecting wall with a full length door in each room. These doors may be cut across at a suitable point to give access to only the upper or the lower part of the closet as necessary.

To Balance the Ration

A light dessert should follow a heavy meal, and a heavy dessert a light meal. Following this rule helps to balance the human ration.

The Writing Game

By RING LARDNER

To the Editor:

The follin letter recd. from 1 of my admirers in Brazil, Ind., exclaims itself.

"Dear Sir, I been reading your letters in these cols. for a good many mos, and find them very interesting a specially the letters advertising that you was to start a school of photo play writing and in those letters you give your readers a good many hints in regards to how photo plays should be wrote as well as a sample of a 5 reel photo drama. Now no doubt they's a great many people that considered thereself capable of writing photo plays but couldn't afford to take none of the high price correspondents coarses in same and would of always remained a drug in their office or somewhere had you not of came to bat with your low price school.

"Now what I ask is why won't you be as thoughtfull of the people that wants to write short stories like you was to the ones that wanted to write for pictures. I have always feel like I had a gift for writing short fictions but don't know nothing about technics, length of stories and etc. and couldn't dig up the price witch is demanded by the correspondents schools for tuition and etc. It seems to me like you are well qualified to learn people the art of story writing even better than other kinds of writing because I once read a story of yours in a magazine witch you must of been the editor's brother in law but still and all it was printed and you probably got payed for same witch is more than you can say in regards to your efforts at photo plays. So will you be so kind and open up a coarse in short story writing and give us a idear in these cols. what the secrets and principals is that makes a successful short story fiction writer and I am only 1 of thousands that will be interested and maybe subscribe to your school."

The writer to the above is not the only party that has come to me with requests along the same lines, and it begins to look like I would be doing a public service was I to comply with their requests along these lines.

In the first place the average party has got a magazine editor all wrong witch they usually are. They think he is a man that will give everybody a square deal where as the most of them lets their personal feelings and temperment get the best of them.

The best rule for a new beginner to follow is to 1st get a idear for a story and then forget the idear and go ahead and write the story out or dictate it to somebody that has got a good hand writing or better yet one of these new fangle machines called a typewriter that makes it look all most like print.

Then put a good suggestive title on the story like for inst. "Clara's Calves" and then give it to your family to read, and if they say it reads good why it must be good, and the next question is how to get it before a magazine editor and get a square deal.

But 1 of the biggest mistakes a new beginner makes is to send return stamps along with their manuscript as most of the editors is air tight and the minute they see stamps that somebody else has boughten why they can't wait a minute till they use them, and whilst, back comes your manuscript. I remember once before I became a wise cracker that I sent a stamped self address envelope along with a good story I wrote and the old skin flint shot it back at me protem all because he couldn't do nothing else with a addressed envelope with the stamps stuck to it and couldn't bear to see it wasted. Both my sisters read the story I speak of and said it was a pip, and I wished the old Shyluck could of heard what they said about him for sending it back.

Well then the only way to get a square deal from a editor is to scrap up a acquaintance with somebody that is all ready in the writing game and the editor knows who he is and got respects for him and then you have this bird write a letter for you to send along with the manuscript and have him say in the letter that your story is O. K. and the editor is a sap if he don't accept because you have got a lot of friends that will stop their subscription if that story comes back.

So much for how to get a square deal after your story is wrote. As for the writing itself a good many new beginners falls down because they try and write their story without the right atmosphere to work in. I can't give no advise on this subject as different authors demands different working conditions. For inst. they say Rupert H. Hughes can't write a line unless the water is running in the bathtub and Fannie Hurst won't attempt to work without the room is full of sardine cans where as when the editor wants a story out of Mrs. Rinehart they get somebody to stand and snap a rubber bank at her neck. Personally I never feel comfortable at my desk unless they's a dozen large rats packed on my ft. These inst. will give you a idear of how different temperments affects different writers but, as I say, each writer has to choose for himself what temperment to have and I might advise you to try writing in a public garage where as you might do your best work setting in a eel trap.

(© by the Bell Syndicate, Inc.)

EXTRACTS from "HATCHET" Washington Union High School publication

First Issue of New School Year

SCHOOL VISITORS

Carl A. Bowman, teacher in Humboldt State Teachers College, at Arcata, was a visitor, September 4.

John G. Kirk, director of commercial education in Philadelphia, Penn., visited the school as the guest of Mr. Solvason.

Three School Board members from Hollister, namely: Mrs. W. A. Johnson, Mrs. R. O. Harden, Mr. C. M. McKee, also came to visit our school.

Two of the graduating class of '28, Ellen Dusterberry and Evelyn Amaral were back at school to visit on Wednesday.

IMPROVEMENTS

Ah! We are all together once more. Hayward can't boast any longer about their beautiful lawn because our's has reached the height of perfection, as lawns go. Mr. Freitas, our lawn expert, deserves a good deal of credit for his work.

Some of the "frosh" will be delighted to know that the Board of Trustees have purchased a new toy. If you're in good with the gardener maybe he will let you ride on the new power-driven lawnmower. It has one cylinder when all are functioning properly.

At last we have enough hairs in the auditorium to seat the entire school. This is the first time it has been possible.

The painters also helped to make improvements, so let's all co-operate and make this schoolhouse of ours look like a palace.

NEWS ABOUT OUR GRADUATES
Jewell Anderson, one of our graduates of 1927, will attend Stanford University this coming year.

Carolyn Overacker, Margaret White, and Edward Enos, are attending the University of California.

The San Jose State Teachers College will be honored by having the following students on the roll from Washington Union High School: Ellen Dusterberry, Margaret Sinclair, Evelyn Amaral, Bob Amyx.

Daisy Mendenhall is planning to attend Armstrongs Secretarial school.

Elizabeth Costa and Lena Rivers are going to Providence Hospital to take the nurse's training course there.

Marie Escobar has chosen O'Connors Hospital in San Jose for her training course.

Santa Clara College does not know how lucky it has been in having our baseball star, Joseph Fontes, chose it for his higher education.

Clara Logan is planning to attend Munson's College.

George Lowrie has entered the agricultural College at Davis.

WELCOME FRESHMEN

By Isobel Thomas
Welcome, Freshmen, Welcome
Your grade school work is done,
And now as years go by
You'll banish your play and fun.
We've waited long for you here
In class room, gym and hall
We hope you'll help through the years.

To answer Washington's call.
Welcome, Freshmen, Welcome
Come in and seek your place
Remember we're ready to help
And calling, "Win the race!"

OUR FACULTY.

By ISOBEL THOMAS
First, is Mr. Hodges so very kind

Men like him are hard to find.
Then there comes a list of teachers new,
They're here to show us what they can do.

There's Miss Newbert and Miss Sayles so fair,
And Mr. Regil our coach—he's all there!

Science, Mr. Webb around us doth strew,
And Mr. Larson knows his Math just so, too.

Then Mr. Gould and his rare specimen
Please take advice and watch out, Freshmen.

In our Library is (Mrs.) dear Mrs. Wright
She is ready to help us with all her might.

Then, too, Miss McMillan so full of fun,
When—oh when, will exercises be done?

There's Mrs. Morris and her sewing so fine
Teaches us how to dress and get meals on time.

Mrs. Jackson commercial work doth teach
I'm afraid her standard we'll never reach.

Mr. Solvason so good and true,
Gives us adding and subtraction to do.

Then there's one who came to us last year
One who brought us happiness and cheer.

And that's Mr. Kimber, a jolly man,
He's getting us an Orchestra and Band!

For our English there are teachers three
Just about enough, it seems to me.

There's Miss Taylor and Miss Douglas, too,
And Mr. Kenney to help me and you.

If French or Latin you should chance to hear
You'll know that Miss Wright's room is near.

Or if the sound of hammers comes your way
Mr. Mett's boys are far from play.

If ink fingers you happen to see,
It means printing—taught by Mr. Kibby.

If a member of either class you see
You'll know they're jolly and happy.

And Mr. Gatchel, a fine, hard worker,
He's far from being a slacker or shirker.

He talks of places he's been to and seen
'Till it makes us sit and dream and dream.

Like Mr. Hodges his kind is hard to find,
I hope we'll find another like him some time.

Last but not least, Miss Sandholt, our helper,
I'm sure the girls couldn't do without her.

She helps us in our trouble and our woes,
She's always helping wherever she goes.

All together, for a faculty,
A faculty to help you and me.

A faculty worth more to Washington High
Than anything done by you or I!
—L. N.

ELECT NEW OFFICERS FOR STUDENT BODIES--VIRTUES OF FACULTY IN RHYME

The first Junior Class meeting for 1928-29 went off with a bang. We have some real peppy advisors; they are Miss Newbert, Miss Douglas, Miss Wright, Mr. Gould, Mr. Regil. The first important business was the election of officers. The following were elected: Ed Witherly, Pres.; Geo. Robinson, vice pres.; Mary George, Sec.; Marie White, Treas.; La Von Molter, Class reporter; Harry Fontes and Hisao Katoaka, Yell leaders. After election Mr. Gould explained to the group where we should sit in Student Body Assemblies. We discussed whether to have a dinner or a dance for the seniors, but it was decided to lay the matter on the table until a future meeting.

SOPHOMORE CLASS MEETING
The meeting was called to order by Frank Pimentel. A nominating committee for this year's officers was selected, those on the committee being: Elizabeth Blengino, Beatrice Secada, Irene Cieslack, George Coley.
The girl's league council representatives selected were Lola Luna, Olive Silva.
It was decided to hold the class party on Friday, the 26th of October.
Dues were placed at one dollar with possible later assessments.

Washington HI will have a real band this year. Over eighty students are enrolled in instrumental music, and there will be from sixty to seventy in the band.

New instruments have been added to the equipment, the practice periods have been increased from 40 minutes a week to an hour a day, and a full credit will be given for the year's work. This puts our music on the same basis that is found in other California high schools, and there is now no reason why Washington HI will not soon have a splendid band and orchestra of which everyone in the school may be really proud.

GIRL'S LEAGUE
A Girl's League Council meeting was held Friday, August 31. The Freshman Reception was discussed, and the 14th of September was decided upon for the affair. A good program and refreshments are being arranged.
The different committees were also chosen. They are as follows:
Program Committee
Chairman—Doris Dutre.
Senior—Marjorie Martin.
Junior—Lois Abrott.
Sophomore—Olivia Foster.
Freshman—Mildred Durham.
Ways and Means Committee.
Chairman—Rosalie Joyce.
Senior—Frances Habenicht.
Junior—Mabel Fyffe.
Sophomore—Elsie Silva.
Freshman—Dorothy La Plante.
Hospitality Committee.
Chairman—Gertrude Ellsworth.
Senior—Dorothy Smith.
Junior—Marie White.
Sophomore—Arlene Olivera.
Freshman—June Witherly.

FRESHMEN CLASS HOLDS PEPPY MEETING
The class of '28 has started off with a bang. Last Tuesday when they met in the auditorium with their advisors they were a very well behaved, congenial group. Each advisor gave a short talk, and explained things to the Freshmen. Pep and the idea of each one getting acquainted seemed to be the feeling of every one present. A nominating committee to nominate officers for the ensuing year was chosen in the following order:
Niles—Jack Bunker.
Alvarado—Harold Bartlett.
Centerville—Billie Dick.
Decoto—Peter Paniaqua.
Irrington—Gordon Pond.
Mission San Jose—Paul Aust.
Newark—Edward Kettman.
Warm Springs—James Hirabayashi.
Alviso—Isabel Azevedo.
The meeting adjourned with the resolution that they, as "scrubs," would clean up the place. The next meeting will be held on the 18th of this month.

The Senior class meeting was called to order by Louis Ruschin, President.
The following were elected to offices for the coming year.
Ray Jolliff President
Dorothea Willis Vice-President
Mary Calderia Secretary
Mervyn Blacow Secretary
The new officers were introduced and the meeting was conducted by the new president, Ray Jolliff.

The Seniors decided to sit in one group at the Student Body meetings.
The class were all in favor of an annual election.

Editor
Manager

WITH THE FACULTY DURING VACATION

Mr. Gould attended Summer School at Stanford where he studied school administration. Later he stayed at the Overacker ranch doing a little hunting.

Miss Wright took an extended trip visiting the Eastern States, Europe and Canada. She sailed on the "Berengeria," and landed in France. Of the countries visited Holland to her was the most interesting, because of its quaintness. Switzerland, she thought, was the most beautiful.

Mr. Webb, a new member on the faculty, attended Summer School at Stanford.

Miss Taylor visited her folks at Santa Ana. While there, she went to Big Bear Lake in the San Bernardino Mountains.

Mr. Gatchel took a trip to the East, stopping at Denver and Chicago where he visited all the points of interest. He says, "I didn't get shot," you can believe it or not. From there he went to Buffalo, and saw Niagara Falls. He took the wonderful boat trip to New York from Canada. While in Albany he called on "Al" Smith, but "Al" wasn't at home. In New York he visited different beaches. His next stops were Philadelphia and Annapolis, the Adirondack and Catskill Mts., and Washington D. C. Here he visited Mt. Vernon. He came home through Yellowstone National Park.

Miss Newbert attended In-Session and Summer Session at California.

Mrs. Jackson traveled to Vancouver, Canada, where she stopped for a week. After returning home she spent the remainder of vacation attending University of California.

Mr. Mette visited in the Sierra Mountains for a time. The rest of his vacation was spent fixing shop equipment and working for our school's betterment in many ways.

Mr. Hodges visited Tahoe for a short time returning later to work around school.

Mr. Kibby worked around home, and at school.

Miss Sandholdt stayed with her folks in San Francisco. She spent some time on the Russian River and the rest of her vacation made short trips to points of interest.

Mr. Solvason motored with friends through the Pacific Northwest and spent a week in British Columbia. On his return he attended the Summer Session at the University of California. The remaining few days were spent at his home in San Francisco.

Mrs. Wright visited Vancouver Island. While there she stopped at Victoria and took in Burchett's Sunken Gardens. She also went to Yellowstone National Park, but preferred the less rugged beauty of the northern coast.

Mrs. Morris attended Summer School at San Jose. Just a week after school closed she went to Yosemite Valley for a week with Miss McMillan, Miss Joyce and Miss Barnard.

Mr. Kinney went to Vancouver, Longview Lake, Crater Lake and Oregon Caves.

Miss Sayles attended San Jose Summer School.

Miss Douglas attended Summer School at Stanford. She visited Carmel for a time, and spent the rest of her vacation in Berkeley.

Miss McMillan attended Mills College during the summer.

Mr. Regil, our new coach, worked for two weeks for the Standard Oil Company. Later he took charge of a swimming pool.

SCHOOL SCHEDULE

School opened—August 27.
Holidays:
Labor Day—September 4.
Admission Day—September 11.
Thanksgiving Day and the day after—November 29, 30.
Christmas Vacation.
School opens—January 2, 1929.
Spring vacation—Holy Week.
Vacation Memorial Day.
Commencement—June 13.

NIGHT SCHOOL

On Tuesday night, Washington Union High Night School was once more opened for the benefit of the community. Classes are to be held in Citizenship and Beginning English for Foreigners, also all other Elementary High School subjects in which 10 or more people enroll. All classes are taught by the regular High School faculty, which will be assisted by teachers from Berkeley, if necessary. To all who desire something special, this is a great opportunity. If your parents were among those present Tuesday evening and want to come, do your best to help them to get here. Part of the success of Night School depends on the interest the students take in it, and the co-operation they give the under-taking.

GIRL'S NEW GYM SUITS

A new gymnasium outfit for the physical education girls of Washington Union High has been adopted. It enables one to move about more freely in playing. This outfit consists of white middy, short, tight bloomers with a white stripe on each side, short orange socks, and black tennis shoes.

A series of games are scheduled to be played this term. These games are basketball, volley ball, baseball, speedball, and field ball. This last mentioned sport is a new and very interesting game which prepares one for basketball. A Student Body Program given by the physical education girls is also scheduled for the near future.

WASHINGTON VERSUS SAN LEANDRO

Varsity opens football season here against San Leandro.

Friday afternoon Captain Leonardo leads the Washington HI varsity against San Leandro High school for the first pre-season game.

This year's varsity is composed of seven of last year's squad, and four of last year's second string squad. San Leandro's team contains five former Fremont High regulars, and is a light, fast team.

The new coach, Jess Regil, formerly of San Jose Varsity, has developed a good, fast, hard-fighting team which is going against San Leandro to win.

Let's have everybody out on the bleachers when the whistle blows for that game.

The football players of Washington Union High School are coming along nicely under the direction of our new coach, Mr. Regil. We will soon feel proud of the way our team is fighting. In fact, we feel proud now of the way our men are going out on the field, and working for all they are worth.

There are over forty fellows out for football this year, all of them determined to do their best for Washington Union HI. The players have been divided into three groups. There are just enough in the first and second groups to make an entire team apiece, while in the third group there are almost enough to make two teams. Consequently, we will have plenty of substitutes when we play the first game of the year which will take place on September 14, with San Leandro.

FOOTBALL SCHEDULE

Sept. 14—San Leandro at Washington.
Sept. 22—Hollister at Washington.
Oct. 19—Alameda at Alameda.
Oct. 26—Piedmont at Washington.
Nov. 9—Berkeley at Berkeley.
Nov. 16—Hayward at Washington.

SOCIETY

Evelyn Moore and Mary George went on a picnic over the weekend, and especially enjoyed the horse-back riding.
Gertrude Ellsworth spent an enjoyable week-end at Aetna Springs.

An Extension Telephone by your Bedside..... is Aid and Protection in Emergencies

Sleep is better and safer when there is an extension telephone by your bedside. Calls to neighbors, fire department or police may be made instantly when the telephone is within reach.

Extension telephones are needed not only in emergencies. Wisely placed extensions save miles of steps in running up and down stairs and from one part of the house to another. They prevent embarrassment in making or answering calls when others are present. They avoid the loss of calls through failure to answer promptly.

In building a new house or in renting or buying a home, make sure that there is provision for adequate telephone service with the necessary extensions. Adequate telephone equipment is an essential modern convenience.

And it is very inexpensive. Extension telephones with all their protection and convenience cost only a few cents a week. Ask our Business Office to advise with you regarding the proper telephone equipment of your home for the greatest comfort, protection and saving of time.

STAR GAZING

By J. R. STEVENSON Irvington

A trip to Mount Wilson to see the 100-inch and the 60-inch telescopes is not exactly a pleasure trip—it is an achievement—for the road up the mountain is so steep that even strong men quail at times as the bus laboriously climbs up into the clouds far above Pasadena.

The glass in the 100-inch telescope is ground out of a single piece of glass eight feet and four inches in diameter. It is ground convex and took the almost continuous labor of four men four years to complete the job, but the grinding has been done so carefully that it would take a micrometer to discover a flaw in its surface. The immensity of the whole thing is beyond human comprehension. The dome in which it is housed is a vast auditorium in itself. Everything is so big that electric motors appear to operate everything. The weight of the apparatus is spoken of in hundreds of tons.

We were allowed to gaze through the 60-inch telescope at Saturn, which was visible in the month of July. This planet has rings around it which appear very strange to the human eye. The cause of these rings is found in the density of the planet which is a little less than water. The rings are composed of particles of matter which are revolving around the planet. The rings extend for thousands of miles from the planet but the thickness of the rings is only fifty miles so that when the rings turn edgewise to the earth they become invisible at this great distance. Like all the other planets, this planet cannot possibly contain animate life. All this talk about Mars being inhabited is imaginary. If we lived on Mars we would find that a day and night would be included in nine hours, which would allow a three-hour working day (pleasant prospect). But the temperature in the heat of the day would barbecue us to a frazzle and at night we would freeze into a cake of ice. If you imagine life under such conditions you are a genius.

Asking the professor some questions here are a few answers:

The light of some of the most distant stars has taken 37,000 years to get to the earth. A still larger telescope is being designed for the purpose of more minute observation. The cost of a telescope is about \$20,000,000. The method of measuring distance is by the use of the interferometer. Many years ago astronomers declared that no possible way could ever be devised to measure the distances of the far-away stars. However, the discovery of the interferometer makes the measuring of the distance of the stars a comparatively easy matter. The method is by measuring the straightness of the light waves. When light travels through space, it comes in a very gradual curve instead of a straight line. The result is that some of these waves cross and interfere with each other. The instrument known as the interferometer measures the deflection. Such, briefly is the method.

That night we had about three hours sleep, for there is no use going to bed when you have the privilege of looking through such an enormous and expensive telescope.

The next object of our search was the moon. We gazed into some of the enormous craters on the surface of the moon. The sun was shining brightly on the moon at midnight and some of the great mountains threw long shadows across the country. The appearance of the moon is like a great piece of gray rock. There is no water on the moon and no moisture, no fog, no clouds. The result is that the view is always unobscured. The shadows are contrasted sharply with the sunlight.

About three hours sleep then up to see the sun rise—which is considered a great sight from Mount Wilson. Then breakfast followed by the long grind down the mountain to Pasadena, accompanied by the smell of burning rubber as the brakes grind the wheels into the dirt of the road.

How Beetles Send "Messages"

Through his work in reconstructing the roof of Westminster Abbey, in London, which had been damaged by beetles, Sir Edward Baines became interested in the habits of the creatures and now announces he has succeeded in getting them to talk with him. By raising themselves on their hind legs and beating time with their heads the insects tap out messages, he says, that follow accurately in any combinations the raps he makes near them.

Why Known as "India Ink"

To grow a hedge in a shady position two things are necessary: heavy fertilization, and very severe pruning. Prune hedges early and often to keep the bottom dense. Thin hedges with slightly sloping sides. A-shaped, that is, to give the base sunlight and air so necessary to dense leaf growth.

"India Ink" is called by that name because it was originally black pigment composed of a mixture of lamp black or burnt cork with gelatin and water, scented with Borneo camphor and musk, made in India, China and Japan. It was sold in sticks.

Why Many Won't Sell Dog

The prejudice against selling a dog is based on the old Hebrew Scriptural teaching. Deuteronomy, chapter 23, verse 18, forbids the bringing of the price of a dog into the house of the Lord for a vow. It is branded as an abomination unto God.

Why Widows Wear "Weeds"

Widow's "weeds" are derived from the Saxon word "waede"—a woven garment. Later the term was confined to the distinctive dress of a widow, and then narrowed to the long crape streamers from the bonnet.
